## SUMMARY

Full-Stack Web Developer with a background in accounting. Recently earned a certificate in Full Stack Development from the University of Minnesota and acquired new skills in web development. Passionate about approaching programming challenges from different angles and collaborating with others to create meaningful and responsive web applications.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, MySQL

**Applications:** Bootstrap, React Js, Node Js, Express, jQuery, Ajax, APIs, MongoDB, GitHub

## PROJECTS

**Global Eats** | **GitHub Link:** <https://github.com/Barakai/project-1> | **Deployed Project Link:** <https://kaykuhl.github.io/project-1/html>

Global Eats is a quick and easy way to find unique food and drink recipes from different culinary backgrounds through a few simple clicks.

Worked on front-end part for this project and was responsible for UX and responsive design using HTML5, Bootstrap and Animate.css

**Tools / languages used:** HTML5, CSS, jQuery, AJAX, APIs, Animate.css

**Study Buddy** | **GitHub Link:** <https://github.com/Joncarrasco98/study-buddy> | **Deployed Project Link:** <https://study-buddi.herokuapp.com/>

Study Buddy application is a resource that helps people who are trying out new ways to study for a test or practice their vocabulary by playing a couple of games to get their brain stimulated and hopefully help them remember words that were tricky to remember before.

Worked on both front-end and back-end for this project and was responsible for UX and responsive design using HTML5, Bootstrap and React Js. Created Login and Sign Up pages and other react components.

**Tools / languages used:** HTML, CSS, JavaScript, Node Js, Express AJAX, APIs, React Js, MongoDB, Heroku

## EXPERIENCE

### **Postal Support Employee (PSE) USPS**

2019 – Present  
Minneapolis, MN

- Sorting and organizing mail to be delivered on time
- Loading and operating machinery for mail processing, sorting and canceling.
- Bundle, label and route mail depending on their destinations, and according to established deadlines and procedures.
- Preparing work area, ensuring all necessary support equipment and materials, including labels, trays, and other containers, are in place. Run machine reports, clear jams and contact maintenance for assistance when required.

### **Passenger Service Agent Delta Global Services**

2018 – 2019  
Minneapolis, MN

- Created a procedure at the check in counter for passengers to review their final destination and improved company accuracy of properly tagging bags
- Managed ticketing and reservation system
- Became the lead "go to" person based on knowledge of policies and procedures, and how to operate airport equipment at the ticket counter and gate area
- Implemented a time saving procedure which increased customer satisfaction by reducing the wait time at check-in and gate area which increased our on-time departures percentage.

## EDUCATION

### **Bootcamp Certificate:** University of Minnesota, Saint Paul, MN

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

### **Bachelor of Business Administration in Accounting:** Jomo Kenyatta University , Nairobi, Ke
